Creative Touch 3 Series 65" interactive flat panel display

Introducing the New Creative Touch 3 Series Gen 3 by Optoma

Education is evolving, and classrooms require tools that are not only powerful and user-friendly but also future-ready. The New Creative Touch 3 Series Gen 3 by Optoma rises to the occasion as the next-generation, Google EDLA-certified Interactive Flat Panel Display (IFPD). Designed to meet the needs of educators, administrators, and students alike, it empowers modern learning environments with cutting-edge technology, seamless integration, and exceptional performance.

Why the New Creative Touch 3 Series Gen 3?

The New Creative Touch 3 Series Gen 3 redefines the concept of high value, offering cutting-edge technology at an accessible price point. Designed with educators in mind, this teacher-friendly interactive display features AI-enabled tools for whiteboarding and collaboration, empowering you to unleash the potential of a connected classroom experience. Whether you're an educator, IT admin, or school leader, this IFPD delivers exceptional quality, seamless Google integrations, and robust device management capabilities—bringing innovation and simplicity to every learning environment.

Affordability Meets Performance:

Get the best of Optoma and Google solutions at a reasonable price, without compromising on quality.

Google EDLA Certified:

Guaranteeing system stability, compatibility, and security for peace of mind with the latest Android OS.

Exceptional Performance:

Smoother interactions with 8-core processing and Android 14 powered OS, 6 tops NPU (AI computing). Zero bonding for increased touch sensitivity and more natural pen-to-paper experience.

Excellent Display Quality:

High brightness 4K UHD interactive display with 450 nits and wide viewing angle provides excellent display quality.

Expandable Storage: Never worry about running out of space with the expandable ROM via SD card slot.

Interactive Whiteboard: Inspire students with a built-in whiteboard that features a floating toolbar, AI-powered collaborative tools, and a range of improved templates for an engaging learning experience.

Access to Popular Education Apps: With access to Google Play Store and compatibility with Windows and Apple platforms, you can use your favorite education apps seamlessly.

Google Classroom Integration: Keep using the tools you're already familiar with, such as Google Classroom, for a streamlined teaching experience.

Enhanced Distance Learning Capabilities: Stay connected with Cloud Whiteboard, Whiteboard Web, and DisplayShare for effective distance learning solutions.

Device Management: Control, monitor, and manage your devices both locally and remotely with the latest Optoma Management Suite, making it easier for administrators

to maintain system performance, with new broadcast and signage features. (Optoma™).
