

WHD211

WHD211 wireless transmitter and receiver

Simple and easy-to-use wireless collaboration solution.

The WHD211 enables a quick set-up in meetings for easy collaboration in the modern workplace. Content can be instantly transferred from any device using HDMI connection. With no wires or software, the WHD211 is the ideal solution for hassle-free presentations just plug and play.

Featuring low latency, users can cast presentations and other content from any device with an HDMI connection at 50-60ms and from a distance of up to 20 metres away.
