

# SA550

- Bright 4800 ANSI lumens
- Powerful audio with built-in 10W speaker

## Specification

|                             |                                                                                      |                                            |                                                                                  |
